

Millions of Americans are without insurance or are under insured. Many who are insured are burdened with large deductibles and out-of-pocket costs. Many others receive poor quality or untimely care from county, state, and federal welfare programs.

Our goal is to provide high-quality imaging services, with a great patient experience for a sensible price.

Eliminating administrative expenses associated with hospital imaging services allows us to pass along significant savings to the patient.

OUR MISSION:
Provide High-Quality Care at a
Sensible Cost

OUR VISION:
Lead the way in developing
cost-effective Imaging services

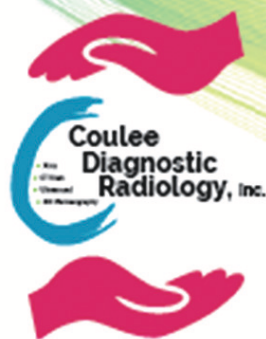

OUR VALUES:
Integrity, Stewardship,
Love & Hope

MRI
(provided by CDI MRI on site)

CDR, Inc. is in the Sensible Health building with
CDI MRI and Neighborhood Family Clinic

2D/3D Breast Imaging & Care

Up Front
Sensible Price:
\$398

We Accept
Self
Referrals

Breast Imaging services include 3D Digital Breast Tomosynthesis Mammography, 2D Digital Mammography, Breast Biopsy (Ultrasound guided, Stereotactic guided), Breast MRI and Breast Ultrasound.

Ultrasound, Including Obstetric

Up Front
Sensible Price:
\$398

Ultrasound uses sound waves and a computer to create images of internal organs and blood vessels and to monitor health conditions. It has a variety of applications for almost all the organs in the body. **Includes 4D shaded surface baby when possible, depending on baby's position.*

Not available at this time

Coulee Diagnostic Radiology

provides high-quality, patient-focused imaging services at sensible cost to the La Crosse area and these surrounding communities:

Black River Falls,
Galesville, West Salem, Sparta,
Tomah, Viroqua, Genoa,
Richland Center,
Winona, MN,
and many more!

MRI

(provided by CDI MRI on site)*
Not provided by Coulee Diagnostic Radiology

Magnetic Resonance Imaging (MRI) is a special diagnostic test that produces very clear, detailed pictures of internal organs and structures. The test uses a powerful magnetic field, radio waves, and a computer to create images in cross-section.

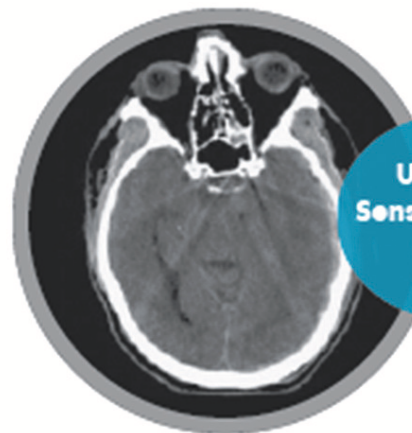

Digital X-Ray

Up Front
Sensible Price:
\$198*

X-Ray is the most frequently used form of medical imaging worldwide. It is used to diagnose disease, monitor therapy and identify potential problems. It can be performed anywhere from head to toe.

Computed Tomography (CT)

Up Front
Sensible Price:
\$598*
NCCT*

A computerized tomography (CT) scan combines a series of X-ray images taken from different angles around the body and uses computer processing to create cross-sectional images (slices) of the bones, blood vessels and soft tissues.

*NCCT: Non-contrast CT
*Starting from listed price. Subject to change without notice.
